

WISDOM OF CROWDS

COLLABORATE | CREATE | DISTRIBUTE

EXCLUSIVE INVITATION

THE BIGGEST CYBER ATTACK
TABLETOP EXERCISE
YOU ARE CORDIALLY INVITED TO PARTICIPATE

TUESDAY, 9TH MAY 2023

9:00AM - 5:00PM

CYBER MANAGEMENT ALLIANCE

Building a global community of like minded professionals.

PERSONAL INVITATION

Ransomware has Destroyed 95% of Laptops & Servers You've got 60 seconds

- What are you going to do?
- Whom will you reach out to?
- How will you communicate about the attack?
- How will you stop the damage?
- The adrenaline rush is real as is the chaos and the confusion.

You have 60 seconds to Disconnect and save your Critical Network. But if you do, you may lose Millions of US Dollars and all the critical research. You can't get Hold of anyone for approvals. It's up to you - 10 seconds remaining... ..

Cyber Management Alliance Ltd's groundbreaking Wisdom of Crowds (WoC) is back! We have listened to feedback and recommendations from our dedicated Wisdomers (that's what we call our WoC fans!) and we are now firmly back to our roots.

The attendees lead the way. Together we create, we share, we interact, we engage and above all, we have a ball throughout the whole time. Join your peers and participate in what could be the most fun, interactive and informative event of the year. Yes, we are going to tabletop it!

Cyber Tabletop Exercises have become more critical than ever before given the massive rise in cybercrime the world over. Apparently, there is a cyber-attack every 39 seconds in some part of the world. Assuming you're safe and never rehearsing for attack response is, then, a definite recipe for disaster.

That's why we're holding the **biggest Cyber Tabletop Exercise ever** in our latest WoC event. The Cyber Attack Tabletop Session will not only give you a glimpse into how tabletops are done and what value they add, it will also give you a chance to think about how ready your business is to actually face an attack. Until you test your best laid plans, you will not know if they're even good enough to start with.

Join us for one of the most exciting Wisdom of Crowds sessions yet which promises insightful and one or two stressful takeaways! We look forward to your participation and contribution. Once you confirm your attendance, you will receive a link to the online meeting room. We look forward to hosting you.

To confirm your attendance, please email sundeep@cm-alliance.com

WISDOM ^{OF} CROWDS

AGENDA

Date: Tuesday 9th May 2023

8:30 Registration, Networking & Refreshments

Please arrive early for registration and to grab yourself a coffee.

9:00 Opening Welcome Note

Amar Singh

When hit by a major cyber attack you are either prepared to respond and recover with minimal to little business disruption or you are unprepared and at the mercy of fate, human errors and the media.

9:30 Creating the Scenario for the Cyber Crisis Tabletop Exercise (CCTE)

Group Exercise:

Table Leaders will present the findings. In the tradition of Wisdom of Crowds the attendees will group together to create detailed scenarios for the session. More details will be provided a week before the event.

11:00 Coffee Break

11:30 Lessons from Conducting Hundreds of Tabletop Sessions

Speaker: Amar Singh

12:00 The Benefits of Conducting Technical and Operational Tabletop Sessions.

Speaker TBC

12:30 Lunch & Networking

13:30 The Tabletop Session

Group Exercise:

We now role-play the tabletop session. The attendees divided in different groups are presented with a series of events (and special injects) and following each event the groups have to discuss the questions and find the most appropriate response to the presented event.

15:00 Coffee Break

15:30 Case Study: How Tabletop Exercises have Empowered and Educated our CEOs and Executives, and Highlighted the Importance of Cybersecurity.

Speaker is confirming their attendance:

16:00 Open Debate and Community Presentations:

True to the Wisdom of Crowd spirit, we close the day with the attendees sharing their experience and presenting on key cyber topics.

17:00 Close

We look forward to your participation and contribution.
